Dear Reka,

Although the registration period to the competition is still not over, we had decided to already secure the place of a few of the candidates who had scored an extremely high score on the preliminary round.

Therefore I am happy to inform you that we are looking forward to hearing you live in Tel Aviv.

We shall be in contact with you soon about the registration fee.

We will be happy to assist you in finding a cheap flight to Tel Aviv, and also assist with finding accomodation for you.

Please do not hesitate contacting us with any question.

On behalf of the TARF 2 committee,

Drora Bruck,

Artistic director
